Friend,

I thank you for stopping in and looking over the listed Resources and Links on my site.

I do need to point out a couple of things and I ask you to read the following before clicking on your first resource. By following the simple steps that I have outlined below, your success and experience will be much more enjoyable and educational as well.

1. **PLEASE, PLEASE** be patient and allow sufficient time for the page to load. Some of the resources and/ or links are large files and are link protected so you end up at the right place.
2. I have devoted many, many hours to putting these links together for your benefit and it is very easy in the wee hours of the morning to make a typing or mental mistake. If you should find a link that is used 2 times in the same category, I would appreciate you letting me know. I am human and I probably have a mistake or two or more ;-).
3. I would also appreciate it if you would let me know of links that are not functioning or you get an error message. The authors of the digital books from time to time take their information off the web. Since there are so many eBooks and authors, it is very difficult to stay current with them.
4. Again, I thank you for stopping by and with your assistance on the items above; I can make it even a more complete and enjoyable product for you and others.
5. Don't forget to check out the **"FREEBIE"** links.

Have a GREAT time and enjoy!
